NURBALA HEYBATOV

WORK EXPERIENCE

Frontend Developer
Delta Smart Technologies
October 2022 -

- I've developed and maintained complicated web apps, including responsive designs and interactive interfaces, as a frontend developer.
- Working with cross-functional teams has helped me get better at communicating, managing projects, and solving problems.

Frontend Developer Intern
Delta Smart Technologies
June 2022 to September 2022 (4 months)

- I obtained practical experience creating and developing user interfaces for web apps during my internship as a frontend developer.
- I worked with a group of engineers throughout my internship, picked up how to use different front-end tools, and developed my communication and problem-solving abilities.

EDUCATION HISTORY

Bachelor of Engineering in Computer Engineering,
Izmir Institute of Technology
2019 - 2023

- Awarded Turkiye Scholarships
